Please stay tuned for these upcoming  
ISES LA events

### November 17, 2010

Meet the Masters Program – Bel Air Bay Club  
Meet the Masters was created to provide an opportunity for all levels of event professionals to meet with leaders in the event industry that they might not otherwise have a chance to meet. Throughout the meal, Masters will rotate to each table allowing you to interact and learn about the keys to their success. Dinner will be followed by a dessert reception with opportunities for extended discussion with the Masters. This year's format will allow you to meet more Masters than ever!

Our Masters for the evening represent the elite of the industry. They will be joining us from all over the country and from major companies in the special events industry – trade publications and shows, top décor companies, caterers, independent producers, editors, publishers, company presidents, CEOs and past national and international association presidents.

ISES LA is pleased to announce David Tutera, Party Planner to the stars and host of the reality TV series, My Fair Wedding on WEtv, as a confirmed Master!
